ideas and identify "Next Steps"

This event is FREE and open to the public.

Admission fees apply for entrance to
other exhibit areas of Discovery World.

2008 Mother Earth Water Walk

*Connecting, Respecting and
Protecting our Great Lakes*

May 6 | Noon–4:30pm

Who are the Water Walkers?

Led by Mrs. Josephine Mandamin, the lead Water Walk Grandmother and an Ojibwe Quay from the Wikwemikong unceded Indian Reserve on Manitoulin Island in Lake Huron, the Water Walkers are those who are raising awareness about the importance of protecting our sacred water for future generations.

Protecting the Great Lakes one Step at a Time

To demonstrate dedication to protecting our waters, Mrs. Mandamin has organized walks around the perimeters of the Great Lakes each year from 2003-2007. In 2008, she and her companion Water Walkers will complete the circumnavigation of the entire Great Lakes.

The Event

Discovery World invites you to join others from the Milwaukee community, including students and their teachers from the Indian Community School and Spotted Eagle High School, in welcoming Mrs. Mandamin and the Water Walkers to Milwaukee, and to take part in protecting, respecting and protecting our Great Lakes.
